Instructions d'assemblage - s'il vous plaît garder pour référence future

N910P519665 / N910P519666

 WARNING	
	This product is NOT a Clothing Storage Unit (CSU). DO NOT use it for clothing storage. Improper use may cause furniture tipover.

 AVERTISSEMENT	
	Ce produit N'EST PAS une unité de rangement pour vêtements (CSU). NE l'utilisez PAS pour le rangement de vêtements. Une utilisation impropre peut entraîner un basculement des meubles.

	Two people are required to assemble and move this model. Deux personnes sont nécessaires pour assembler et déplacer ce modèle.
--	---

Important – Please read these instructions fully before starting assembly

Important - veuillez lire ces instructions complètement avant de commencer l'assemblage

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on the following pages.

- Remove all fittings from the plastic bags and separate them

- Keep children and pets away from the installation area, which may cause choking if small parts are swallowed.

- Make sure you have enough space to layout the parts before

- Do not stand or apply weight to the product during assembly. This may cause damage.

- Assemble the item as close to its final position (in the same room) as possible.

- Assemble on a soft level surface to avoid damage to the unit or floor.

- It's easier for two people to assemble the parts together.

- To reduce the likelihood of damage to your product, make sure your power drill is set to a low torque setting.

Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

- Check for loose screws on this unit from time to time.

- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

- Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts

- Regularly check and ensure that all bolts and fittings are correctly tightened.

WARNING In order to help prevent overturning – please follow these instructions

To help prevent product toppling over please follow the below steps:-

Use the anti tip strap or wall fixing method provided (if applicable).

Do not allow children to climb or hang on the furniture.

Do not open more than one drawer at a time.

Do not place heavy items in the top drawers.

Do not place heavy items on top of the furniture, unless the furniture has been designed for this purpose.

please note that only the anti tip strap is provided.

You will need to provide wall plugs and screws applicable for your wall type.

Conseils de sécurité et de soins

Important - veuillez lire ces instructions complètement avant de commencer l'assemblage

- Vérifiez que vous avez tous les composants et outils énumérés sur les pages suivantes.

- Retirez tous les accessoires des sacs en plastique et les séparer

- Gardez les enfants et les animaux de compagnie loin de la zone d'installation, qui peut causer l'étouffement si de petites pièces sont avalées.

- Assurez-vous d'avoir suffisamment d'espace pour mettre en place les pièces avant.

- Ne pas se tenir debout ou appliquer le poids à l'unité pendant l'assemblage. Cela peut causer des dommages.

- Assemblez l'élément le plus près possible de sa position finale (dans la salle de séjour).

- Assemblez sur un niveau doux Surface pour éviter les dommages à l'unité ou à l'étage.

- Il est plus facile pour deux personnes de se réunir les parties ensemble.

- Pour réduire la probabilité de dommages à votre produit, assurez-vous que votre perceuse électrique est réglée sur un réglage de couple faible.

Entretien et entretien

- Nettoyer uniquement à l'aide d'un détergent doux à linge humide, ne pas utiliser d'eau de Javel ou de nettoyeurs abrasifs

- Vérifiez les vis desserrées sur cette unité de temps en temps.

- Ce produit ne doit pas être jeté avec les ordures ménagères, emporter au centre d'élimination des déchets de votre collectivité locale

Conseils pratiques

- Assemblez toutes les pièces et boulons pendant l'assemblage, uniquement lorsque le produit est complètement assemblé, serrez entièrement les boulons

- Vérifier et assurer régulièrement que tous les boulons et raccords sont correctement serrés.

Avertissement Afin de prévenir le renversement Veuillez suivre ces instructions

Pour aider à prévenir le renversement du produit, veuillez suivre les étapes suivantes :-

Utilisez la méthode anti-tip step ou de fixation murale fournie (le cas échéant)
Ne laissez pas les enfants grimper ou accrocher aux meubles
N'ouvrez pas plus d'un tiroir à la fois
Ne placez pas d'objets lourds dans les tiroirs supérieurs
Ne placez pas d'objets lourds sur le dessus des meubles, sauf si les meubles ont été conçus à cet effet

Veuillez noter que seule la courroie anti-pointe est fournie.

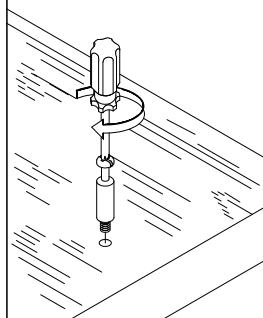

Vous devrez fournir des bouchons muraux et des vis applicables pour votre type de mur

Using Camlocks

Step 1

Connect the male camlock as directed in the assembly instructions using a screwdriver.

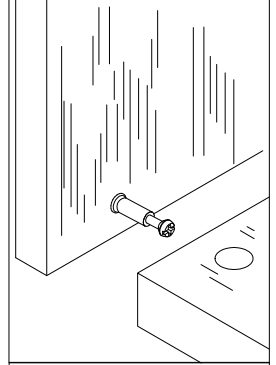

1 DO NOT OVER TIGHTEN.

Step 2

Push the male camlock into the entry hole.

2

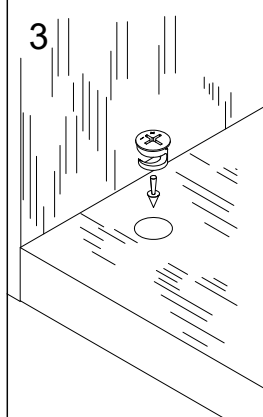

Step 3

Insert the female camlock as shown in the instruction.

Note: ensure that the arrow on the top of the camlock points towards the entry hole for the male camlock.

3

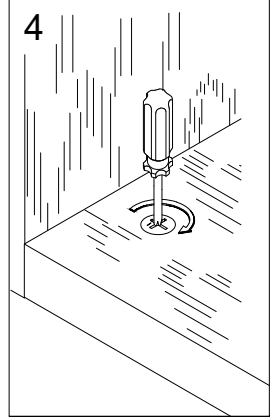

Step 4

Turn the female camlock clockwise with a screwdriver.

You should feel a click when the camlock is locked in place.

The joint is now secure.

4

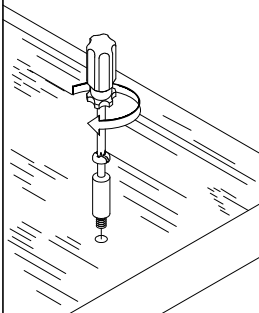

Utilisation de Camlocks

1

Connectez le mâle Camlock tel que dicté dans Les instructions de montage Utiliser un driver screwdriver.

1

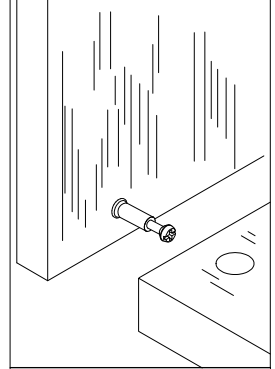

Ne pas trop serrer.
NE PAS SERRER EXCESSIVEMENT.

2

Poussez le camlock mâle Dans le trou d'entrée.

2

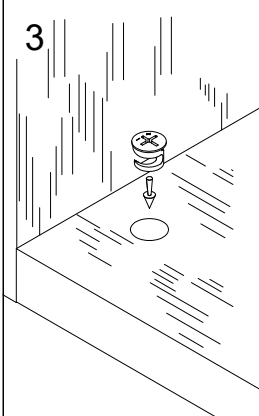

3

Insérer le femelle Camlock comme indiqué dans le Instruction.

Note: assurez-vous que le Flèche sur le haut de la Camlock pointe vers Le trou d'entrée pour la Mâle camlock.

3

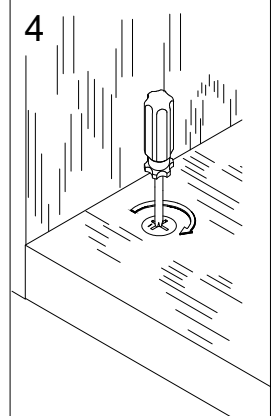

4

Tournez la femelle camlock Dans le sens horaire avec un Tournevis.

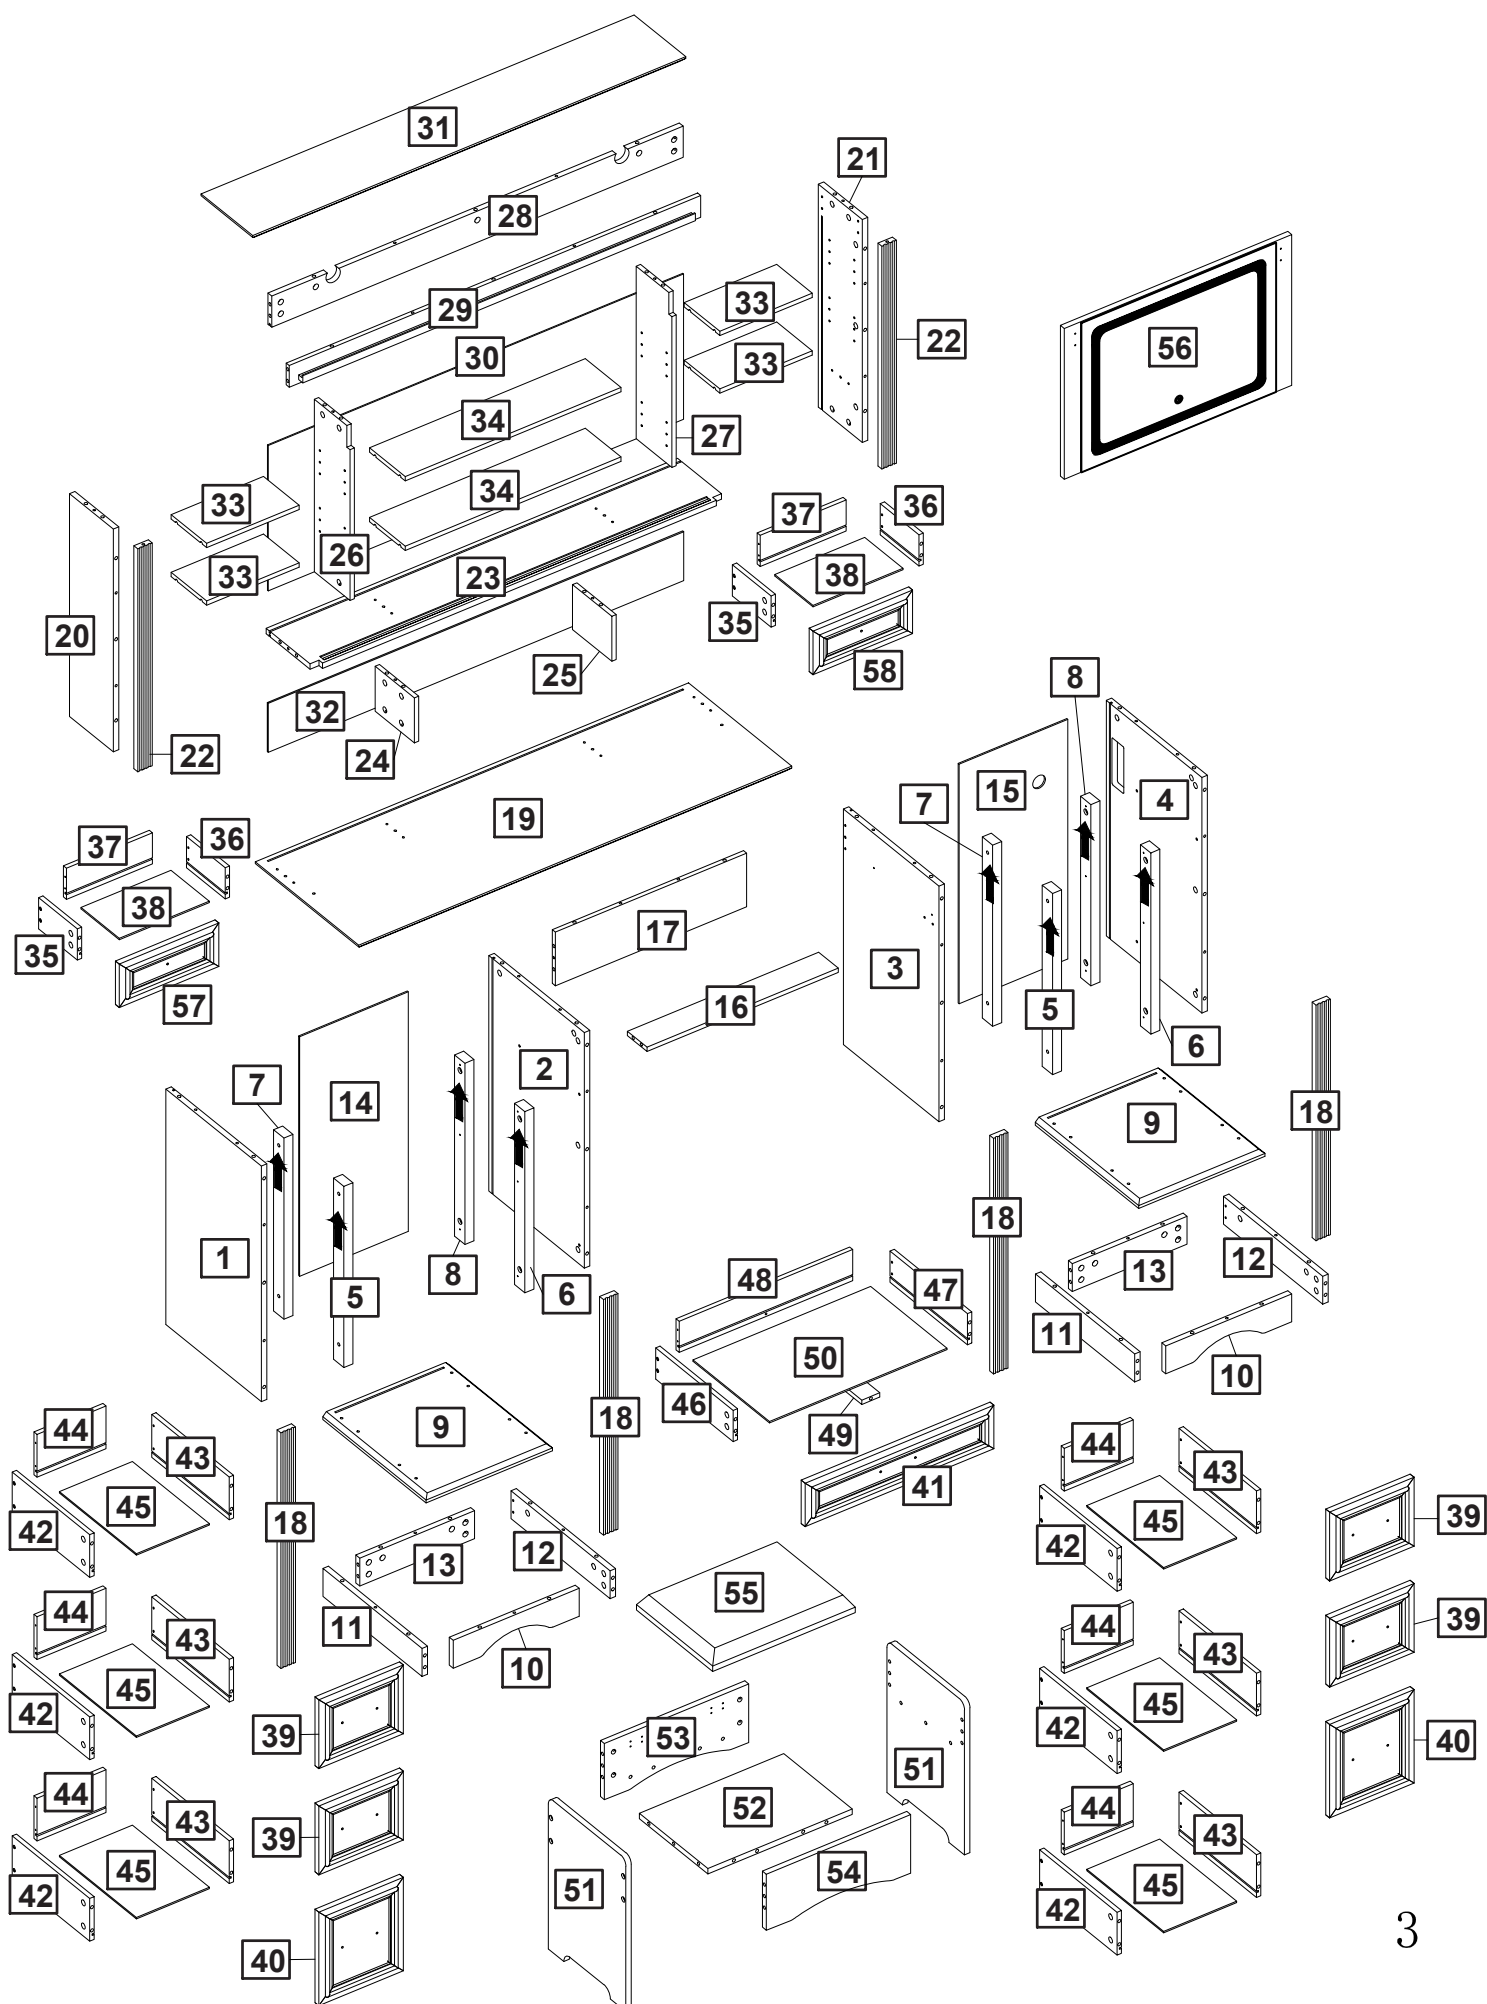

Vous devriez sentir un clic Lorsque le camlock est Verrouillé en place.

Le joint est maintenant sécurisé.

WARNING

Serious or fatal injuries can occur from furniture tipping over. To prevent the furniture from tipping over we recommend that it is permanently fixed to the wall. Wall anchor and hardware are included with this product. Please make sure hardware is suitable for your walls before installing, as different wall materials may require different types of anchors.

AVERTISSEMENT

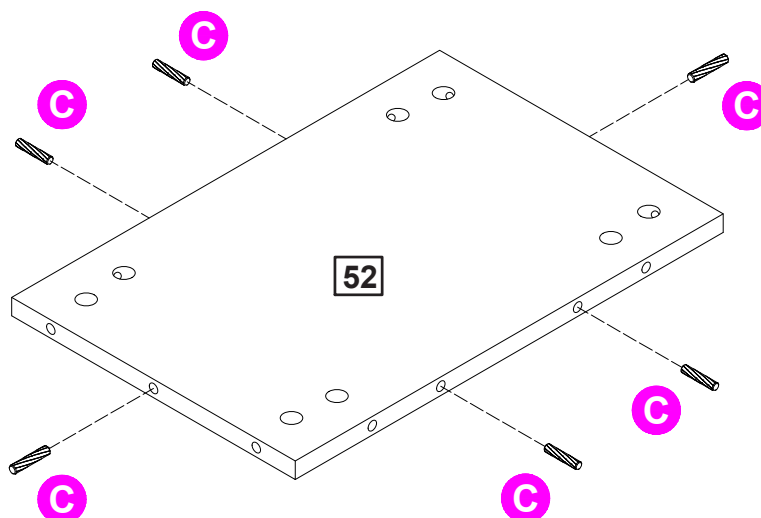

Des blessures graves ou mortelles peuvent survenir en cas de renversement d'un meuble. Pour éviter que le meuble ne tombe, nous recommandons de le fixer définitivement au mur. Ce produit inclut des ancrages et des éléments de fixation pour mur. Veuillez vous assurer que les éléments de fixation conviennent à votre type de mur avant installation, car différents matériaux de mur peuvent nécessiter des types d'ancrages différents.

The ways to adjust the door

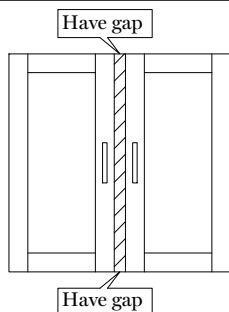

- Before adjusting the hinge, please check whether the cabinet is skewed.
- If the skew can not be repaired, please remove the anti-tipping device first, then adjust the cabinet to vertical position.
- Please adjust the hinge with the door open.
- Please operate it with more than 2 people, one person holds the door and the other one adjusts the screw.

Components Name

The door side

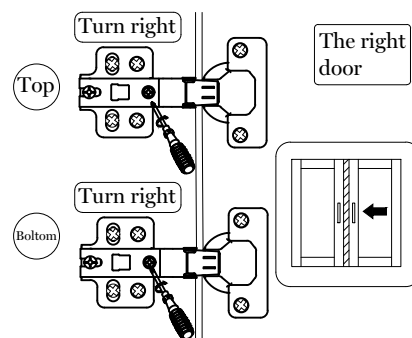

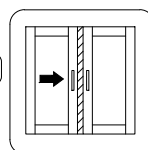

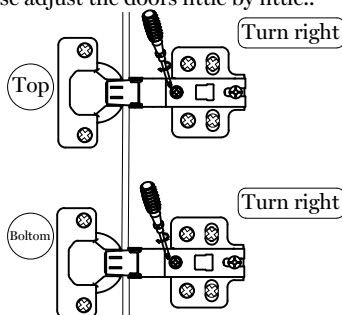

Obvious gaps between doors or Doors don't look closed

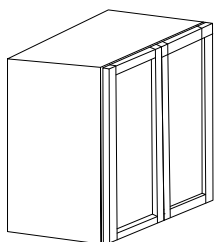

- 1 Turn "internal & external screw" to the right can make the door approach inside.
Please adjust the doors little by little..

The left door

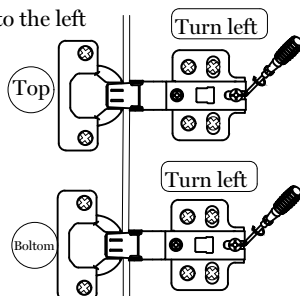

※ If the 2 doors are overlap, please turn the "internal & external screw" to the left.

When door is crooked

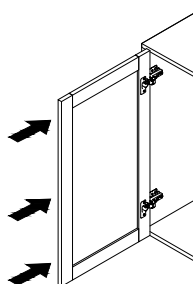

Please take the following steps to adjust first.

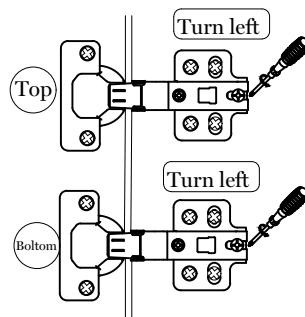

- 1 Rotate the "font and rear screws to the left

- 2 Push the door to the cabinet

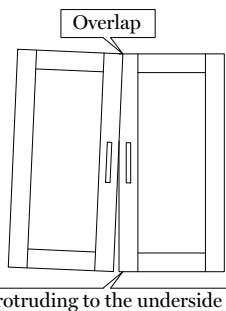

- 3 Rotate the "font and rear screws to the right

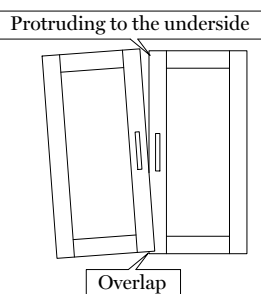

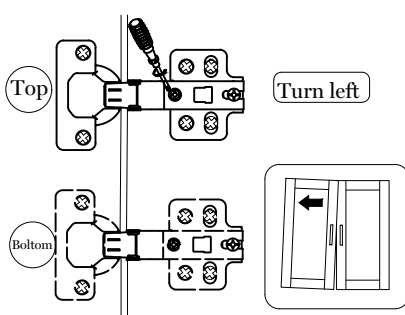

※ After adjusting the "front and rear screw", the door still does not change, please turn the "internal & external screw" to the right Slightly.

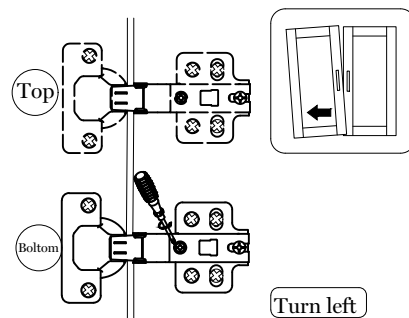

When door is leaning

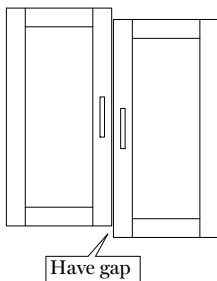

- 1 Turn "internal & external screw" to the left can make the top of the door tilted outward.

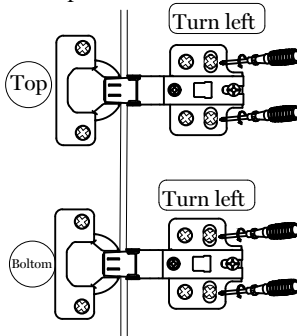

- 1 Turn "internal & external screw" to the left can make the top of the door tilted outward.

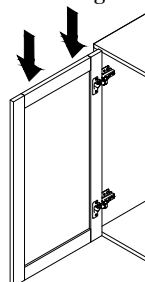

When door is higher on top

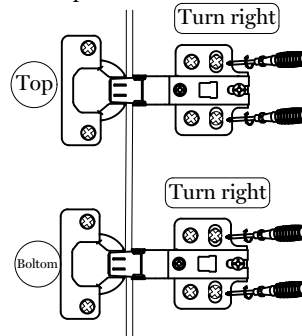

- 1 Turn "up & down screw" to the left

- 2 Lower the door's height so that 2 doors are of the same height.

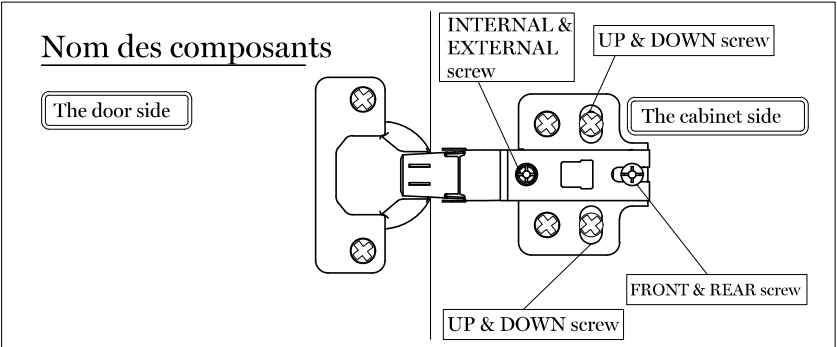

- 3 Turn "up & down screw" to the right

※ if the door is lower on bottom, please lift up the left door slightly on step 2

Les moyens d'ajuster la porte

- Avant de régler la charnière, vérifiez si le meuble n'est pas de travers.
- avant de régler les charnières, vérifiez si le meuble est de travers.
- Si l'inclinaison ne peut être corrigée, retirez d'abord le dispositif
- Si l'inclinaison ne peut pas être réparée, veuillez d'abord retirer le disposit
- tif anti-basculement, puis ajustez l'armoire en position verticale.
- position verticale.
- Veuillez régler la charnière avec la porte ouverte.
- Veuillez faire fonctionner l'appareil à plus de deux personnes, l'une tena
- nt la porte et l'autre l'autre.
- une personne tient la porte et l'autre ajuste la vis.

A Guide to Wall Mounting & Fixings

Important note:

If plastic wall plugs (rawl plugs) are supplied with your product, e.g.:

- these are only suitable for use in masonry walls.

If you are in any doubt about the correct wall plugs for your wall, seek professional advice.

Failure of the product due to using the incorrect fixings is the responsibility of the installer.

Important: when drilling into walls always check that there are no hidden wires or pipes etc.

Make sure that the screws and wall plugs being used are suitable for supporting your unit. Consult a qualified tradesperson if you are unsure.

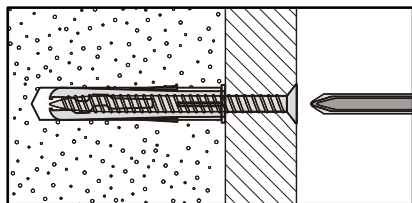

Hints:

- 1: General rule:  always use a larger screw and wall plug if you are not sure.
- 2: Ensure you use the recommended drill bit to match the wall plug and hole size.
- 3: Ensure you drill the hole horizontally; do not force the drill or enlarge the hole.
- 4: Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid the tiles splitting or cracking.
- 5: Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

Types of walls

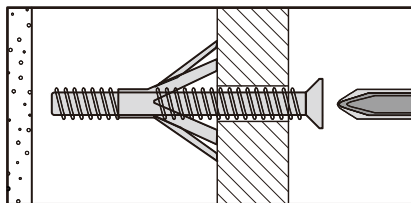

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.

No.1 "General Purpose" wall plug

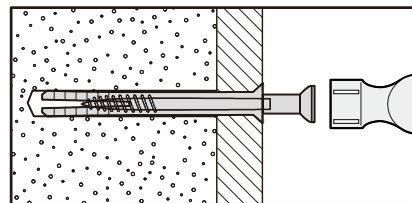

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

No.3 "Cavity Fixing" wall plug

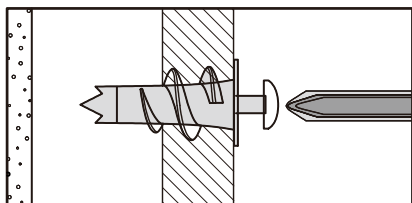

For use with plasterboard partitions or hollow wooden doors.

No.5 "Hammer Fixing" wall plug

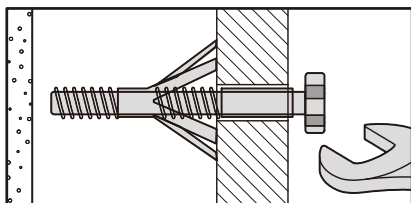

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

No.2 "Plasterboard" wall plug

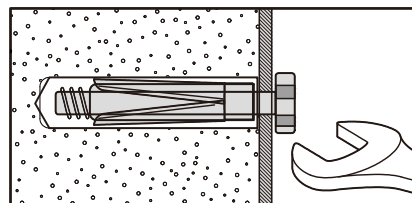

For use when attaching light loads onto plasterboard partitions.

No.4 "Cavity Fixing - Heavy Duty" wall plug

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

No.6 "Shield Anchor" wall plug - heavy loads

For use with heavier loads such as TV and HiFi speakers and satellite dishes etc.

Care & Maintenance

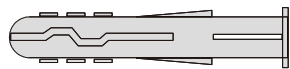

Safety: always check the fitting and location to ensure your safety in and around the home.

Fitting: from time to time check the fitting to ensure the wall plugs or screws do not become loose.

Guide de fixation murale

Remarque importante :

Si des chevilles en plastique (chevilles de cheville) sont fournies avec votre produit, par exemple :

celles-ci ne conviennent qu'aux murs en maçonnerie.

En cas de doute sur les chevilles appropriées pour votre mur, demandez conseil à un professionnel.

La défaillance du produit due à l'utilisation de fixations incorrectes est de la responsabilité de l'installateur

Important : lorsque vous percez des murs, vérifiez toujours qu'il n'y a pas de fils ou de tuyaux cachés, etc.

Assurez-vous que les vis et les chevilles utilisées conviennent pour supporter votre appareil. Consultez un professionnel qualifié en cas de doute.

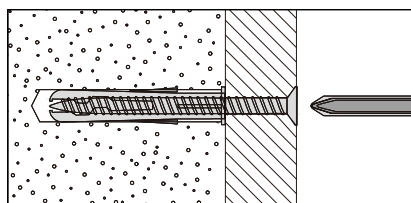

Conseils :

- 1 : Règle générale :  en cas de doute, utilisez toujours une vis et une cheville plus grandes.
- 2 : Assurez-vous d'utiliser le foret recommandé pour correspondre à la cheville et au diamètre du trou.
- 3 : Assurez-vous de percer le trou horizontalement ; ne forcez pas la perceuse et n'agrandissez pas le trou.
- 4 : Soyez particulièrement prudent lorsque vous percez des murs hauts, des plafonds et des carreaux de céramique. Assurez-vous que les chevilles sont insérées au-delà de l'épaisseur des carreaux de céramique pour éviter qu'ils ne se fendent ou ne se fissurent.
- 5 : Assurez-vous que les chevilles sont bien ajustées et qu'elles tiennent bien dans le trou percé

Types de murs

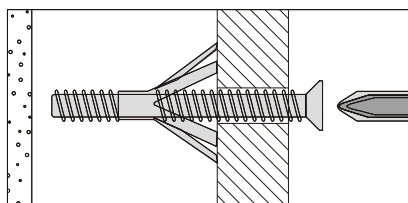

Vous pouvez utiliser l'un des types de chevilles murales suivants si vos murs sont en brique, en parpaing, en béton, en pierre ou en bois

Cheville murale n° 1
« Usage général »

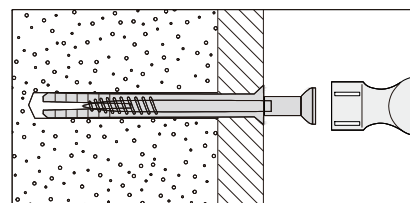

En général, les blocs de béton cellulaire ne doivent pas être utilisés pour supporter des charges lourdes ; utilisez une fixation spécialisée dans ce cas. Pour les charges légères, les chevilles murales à usage général peuvent être utilisées.

Cheville murale n° 3
« Fixation en cavité »

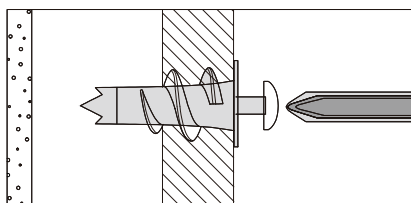

À utiliser avec des cloisons en plaques de plâtre ou des portes en bois creuses.

Cheville murale n° 5
« Fixation au marteau »

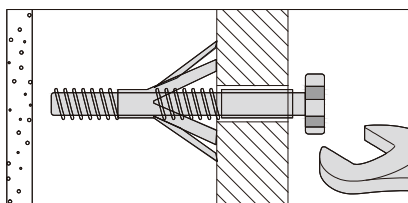

À utiliser avec des murs recouverts de plaques de plâtre. La fixation au marteau permet de fixer la cheville au mur plutôt qu'à la plaque de plâtre. Vérifiez toujours que la fixation est bien fixée au mur porteur.

Cheville murale n° 2
« Plaque de plâtre »

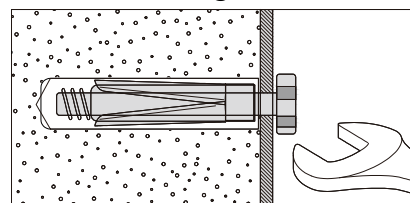

À utiliser pour fixer des charges légères sur des cloisons en plaques de plâtre.

Cheville murale n° 4 « Fixation en cavité - Robuste »

À utiliser pour fixer ou supporter des charges lourdes telles que des étagères, des armoires murales et des porte-manteaux.

Cheville murale n° 6 « Ancrage Shield » - charges lourdes

À utiliser avec des charges plus lourdes telles que des téléviseurs, des enceintes Hi-Fi, des antennes paraboliques, etc

Entretien et maintenance

Sécurité : vérifiez toujours la fixation et l'emplacement pour assurer votre sécurité dans et autour de la maison. Fixation : vérifiez de temps en temps la fixation pour vous assurer que les chevilles ou les vis murales ne se desserrent pas
