Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on the following pages.

• Remove all fittings from the plastic bags and separate them

• Keep children and pets away from the installation area, which may cause choking if small parts are swallowed.

• Make sure you have enough space to layout the parts before

• Do not stand or apply weight to the product during assembly. This may cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damage to the unit or floor.

• It's easier for two people to assemble the parts together.

• To reduce the likelihood of damage to your product, make sure your power drill is set to a low torque setting.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• Check for loose screws on this unit from time to time.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts

• Regularly check and ensure that all bolts and fittings are correctly tightened.
