The Plastic Buckle J is used to help stabilize the structure of the board.
You can choose to install or not to install at will.
This product can be used normally.
When you choose to install it, you can screw the screw J directly into the gaps between the boards.

La boucle en plastique J est utilisée pour aider à stabiliser la structure de la planche. Vous pouvez choisir d'installer ou de ne pas installer à volonté. Ce produit peut être utilisé normalement. Lorsque vous choisissez de l'installer, vous pouvez visser la vis J directement dans les interstices entre les planches.
