Before You Begin

⚠ CAUTION: Risk of injury. Always wear safety glasses when cutting or drilling.

⚠ CAUTION: Risk of injury or product damage. Tempered glass cannot be cut.

○ Before starting the installation, lay out and identify the parts. Inspect them for damage.

○ The bath/shower or receptor should be installed/prepared at this time, including finished wall materials.

Installation on Tiled Surfaces

If your shower door will be installed over tiles, ensure the tiles are fully laid beneath the door frame.
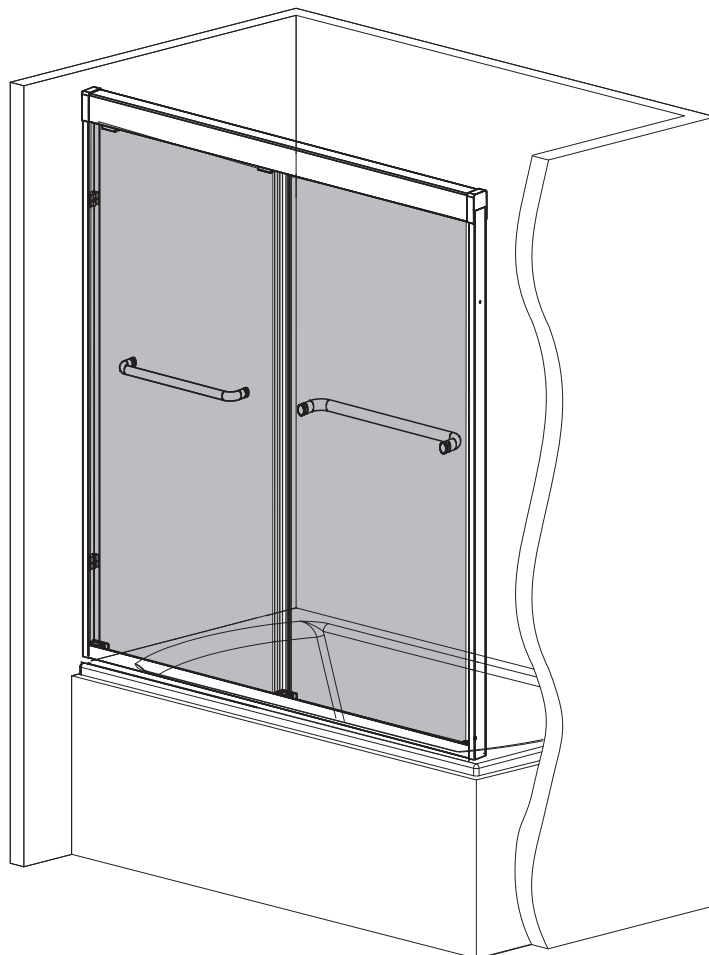

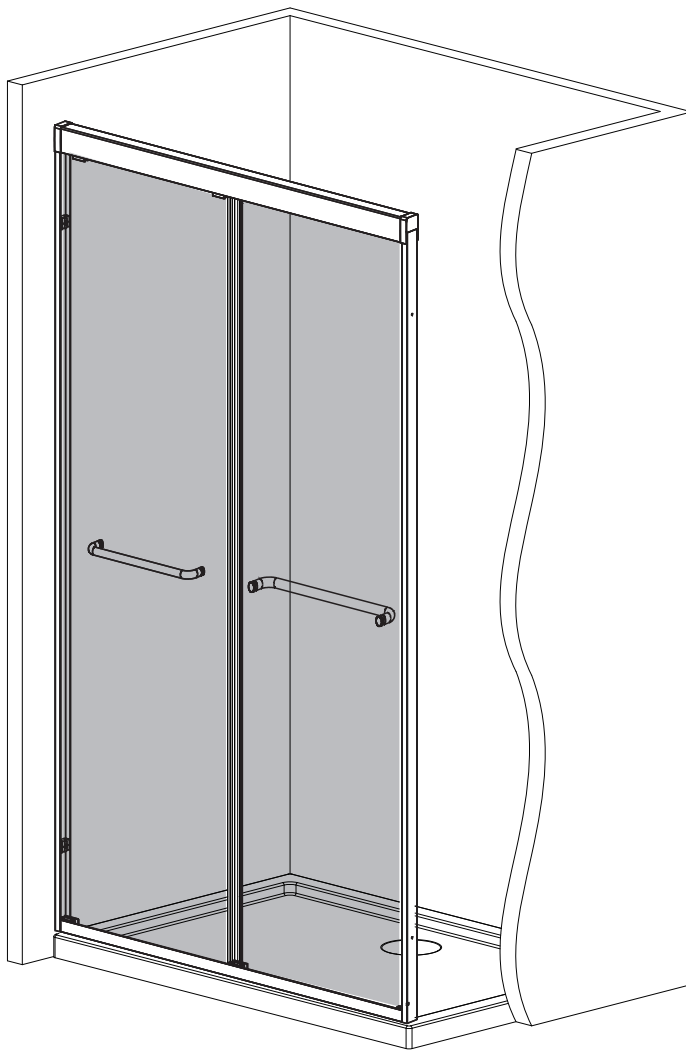

Shower Door Care

Do not use abrasive pads or sharp tools on any metal parts or glass surfaces.
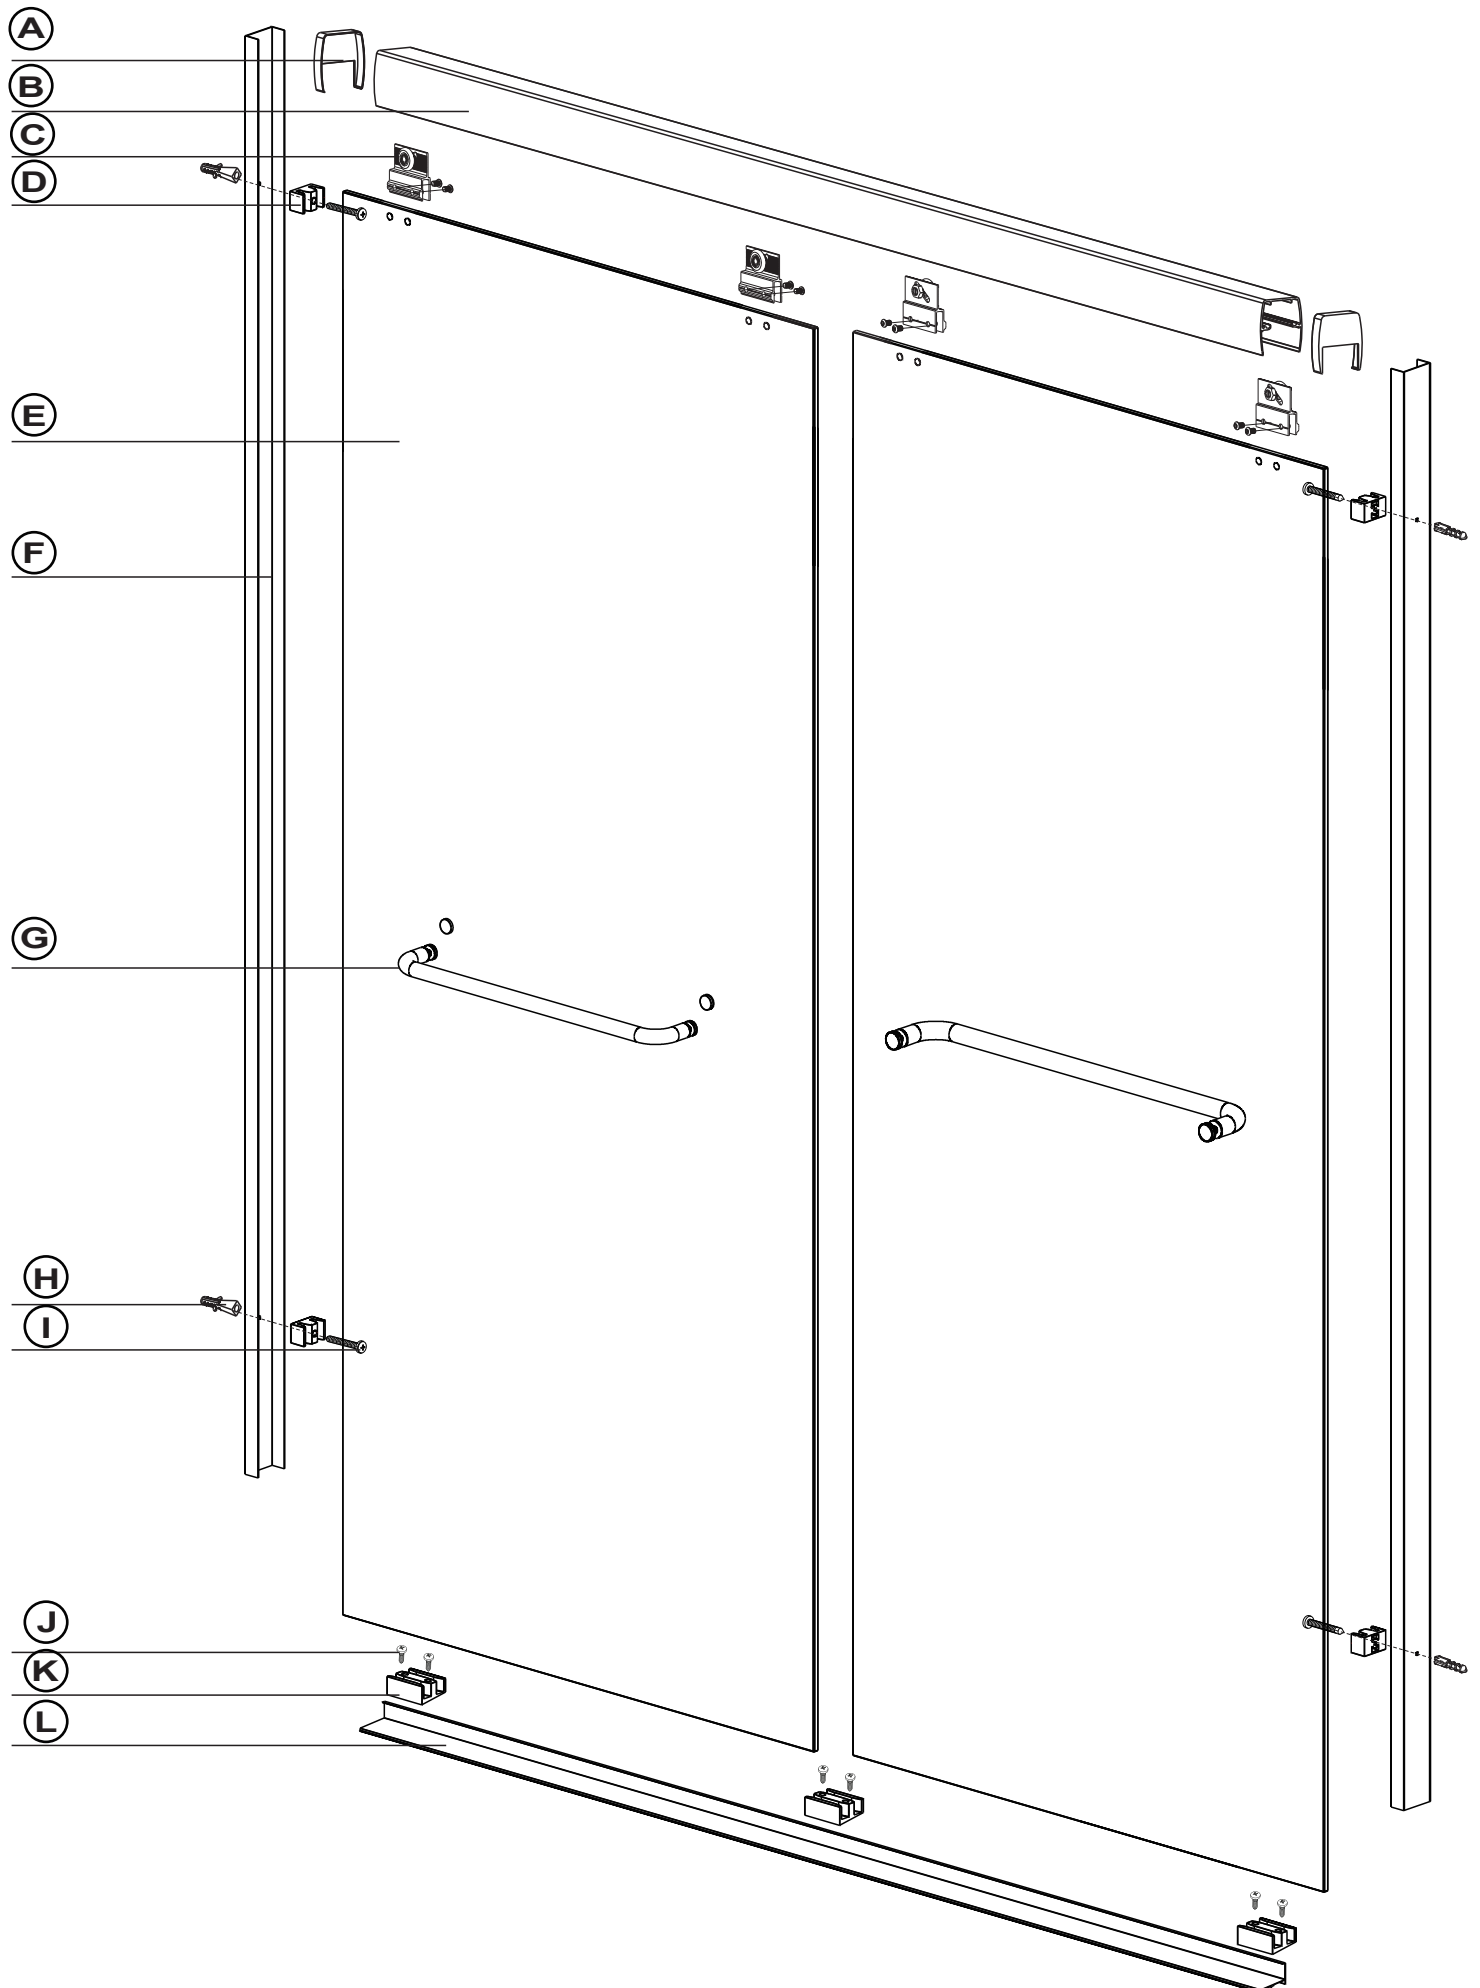

To maintain a clean and like-new appearance, wipe with diluted mild soap and water.

We recommend using a squeegee to dry the glass panels after each use.
