## Before You Begin

⚠ CAUTION: Risk of injury. Always wear safety glasses when cutting or drilling.

⚠ CAUTION: Risk of injury or product damage. Tempered glass cannot be cut.

- Before starting the installation, lay out and identify the parts. Inspect them for damage.
- The bath/shower or receptor should be installed/prepared at this time, including finished wall materials.

## Shower Door Care

Do not use abrasive pads or sharp tools on any metal parts or glass surfaces.

To maintain a clean and like-new appearance, wipe with diluted mild soap and water.

We recommend using a squeegee to dry the glass panels after each use.
